

FortiFone™ x75
IP Telephones

FortiFone x75 IP Telephones

FON-175 and FON-670i/675i

Whether you're looking for an entry level or executive level IP phone, stay connected to your calls with a FortiFone x75 IP phone. Each FortiFone is a feature-rich experience starting with a vivid color display, high quality audio, dedicated keys for the most common features as well as programmable line and extension appearances. Managing calls has never been easier.

Key Features & Benefits

HD quality audio	What good is a phone if you can't hear your caller? That's why each of the FortiFones delivers crisp, clear audio through the handset and speaker.
Key appearances	Programmable key appearances give you the power to not only monitor lines and extensions, but you can also program the keys for a number of features available on the FortiVoice.
Visual notifications	Always be up to date on calls with easy to see missed call and voicemail notifications.

Stay Connected with a Complete Office Phone Solution

Combined with the powerful features of the FortiVoice PBX, the FortiFone delivers more than just what you need, it gives you what you want.

- Call forwarding
- Voicemail notification
- One-touch transfers
- Do not disturb
- Conference calling
- Speed dial
- PoE (Power over Ethernet) support
- Auto-discovery for easy setup

HIGHLIGHTS

FortiFone FON-175

Introducing the FON-175, a no fuss IP telephone that puts the features you need at your fingertips. The HD quality audio, 11 feature keys, color screen and ease of use, make this a phone that works in any office.

FortiFone FON-670i/675i

Introducing the FON-670i/675i, a great combination of business-class features and vivid touchscreen. An executive phone with programmable appearance keys and the features you need at your fingertips. With an optional HD video camera and HDMI out port to compliment these features, this new FortiFone is a power house.
